Title of publication The Finnish Board of Inter-Country Adoption Affairs. Annual Report 2008		
Summary <p>The Finnish Board of Inter-Country Adoption Affairs (Finnish Adoption Board) is the expert body in inter-country adoption affairs in Finland. It is subordinated to the Ministry of Social Affairs and Health. The Board was founded in 1985 and has since 1 July 1997 acted as the central authority meant in the Convention on Protection of Children and Co-operation in Respect of Inter-country Adoption (Hague Convention).</p> <p>In quantitative terms, granting permissions for inter-country adoption is one of the most significant tasks of the Board. In recent years, inter-country adoption has become increasingly popular. In 2005 the Board handled 275 permission applications, while in 2006 there were 413 applications. In 2007 a total of 404 applications were handled and in 2008 as many as 552 applications. The number of children arriving in Finland decreased from 176 to 157. This was first and foremost due to the tighter adoption regulations in China. 140 children were adopted from China in 2005, 49 children in 2006, 46 children in 2007 and only 18 children in 2008. In 2008 most adoptive children came to Finland from South Africa, Russia and Thailand.</p> <p>The Board had 36 meetings in 2008. 11 of them were meetings of the full composition and 25 of the limited composition.</p> <p>The Board issues expert opinions for example to the courts of justice. In 2008 the Board issued six expert opinions to the Helsinki Court of Appeal. The Board also approves the Finnish service providers' international co-operation bodies. In 2008 the Board approved the applications of three Finnish service providers concerning co-operation with a foreign service provider. One of these concerned a new contact country, Kenya.</p>

1 General facts about inter-country adoption

In Finland, the provisions regulating child adoption and the relations between adoptive children and their parents are included in the Adoption Act (153/1985) and in the Adoption Decree (508/1997). Further provisions on inter-country adoption are contained in the Decree on the Finnish Board of Inter-Country Adoption Affairs (509/1997) and in the Convention on Protection of Children and Co-operation in Respect of Intercountry Adoption (the Hague Convention). Finland acceded to the Hague Convention in 1997.

The general planning, supervision and control of the inter-country adoption service belong to the domain of the Ministry of Social Affairs and Health. The expert body in inter-country adoption matters is the Finnish Board of Inter-Country Adoption Affairs (the Finnish Adoption Board), which is subordinated to the Ministry of Social Affairs and Health. The Board is the central authority referred to in Article 6, paragraph 1, of the Hague Convention.

Practical tasks relating to inter-country child adoption are attended to by the inter-country adoption service providers. Finnish legislation on adoption requires the use of a child adoption service. The service providers, which have a licence granted by the Ministry of Social Affairs and Health to act as service providers for inter-country adoption, are the City of Helsinki Social Welfare Board, Interpedia and Save the Children Finland/Pelastakaa Lapset ry.

In 2008 there were 3,457 children in Finland who arrived via inter-country adoption. They were adopted under the terms of the Adoption Act, which entered into force in 1985. In some cases the adoption of children takes place in a foreign state, in accordance with that country's legislation, without permission granted by the Finnish Adoption Board. In such cases the Helsinki Court of Appeal can recognise the validity of the adoption in Finland. Most adoptive children have come to Finland from Russia, China, Thailand, Colombia and Ethiopia.

Foreign children have been adopted to Finland since the 1970s. In the 1980s less than hundred children arrived in Finland annually. In the 1990s the number of children was still under one hundred, but since 1993 more than a hundred children have arrived in Finland annually and in several years the number has been nearly two hundred. The number of children arriving in Finland has continued to increase in the 2000s. In 2005, 308 children arrived in Finland via inter-country adoption. In 2006 the number of children decreased substantially. A total of 218 children arrived in 2006. The most significant factor to this decrease was the tighter adoption regulations in China. 140 children were adopted from China in 2005 while in 2008 only 18 children arrived from China. In 2007, 176 children arrived in Finland, and in 2008 the number of children decreased slightly further as only 157 children arrived. Although the number of adopted children in 2008 was less than in recent years it does not signify decrease in the interest for international adoption. On the contrary, the interest for international adoption continues to be great both in Finland and elsewhere in the world. Indeed in 2008 the Adoption Board processed 553 applications for adoption.

2 Composition of the Finnish Adoption Board

Provisions on the composition, appointment and tasks of the Finnish Adoption Board are laid down by Decree (509/1997). The Board has a chairperson, a vice-chairperson and the necessary number of other members. The last-mentioned members have a personal deputy each.

Representatives of the Ministry of Social Affairs and Health act as the chairperson and vice-chairperson of the Board. Of the other members, at least one must represent the Ministry for Foreign Affairs, one the Ministry of Justice, one the Finnish Immigration Service, one the expertise in municipal child welfare work and one expertise in social sector research and development, in addition to which one member is appointed by each licensed service provider. The Government appoints the Board for a five-year term. The Ministry of Social Affairs and Health appoints a secretary for the Board.

3 Activities of the Finnish Adoption Board

According to the Decree on the Finnish Board of Inter-Country Adoption Affairs (509/1997), the tasks of the Adoption Board are as follows:

- to grant families the permission for inter-country child adoption;
- to approve the foreign co-operation partners (foreign service providers) of Finnish adoption service providers;
- to maintain a file on the child adoption legislation of foreign states;
- to issue expert opinions;
- to make initiatives on the development of inter-country child adoption activity;
- to monitor international development in inter-country adoption affairs;
- to monitor the way in which the Hague Convention is complied with in Finland and, if necessary, to set about measures to produce conformity with it;
- to cooperate with the central authorities of states parties to the Hague Convention in order to achieve the objectives of the Convention and to exchange information referred to in the Convention;
- to attend to the tasks of the central authority under the Hague Convention which have not been assigned to another body by a law, decree or decision of the Ministry of Social Affairs and Health.

Since 1 July 1997, the Finnish Adoption Board has been the central authority meant in the Hague Convention. Among the co-operation states of Finnish service providers, the

Convention has been ratified by China, Colombia, Estonia, India, the Philippines, South Africa, Thailand and Kenya. A list of the states, which have acceded to the Hague Convention, is attached (Appendix 3).

The Adoption Board had 36 meetings in 2008. 11 of them were meetings of the full composition and the remaining 25 were meetings of the limited composition. The limited composition includes, in addition to the chairperson, the member representing expertise in social sector research and development and the member representing expertise in municipal child welfare work. The competence of the limited composition includes dealing with the permissions to be granted for inter-country adoption.

In quantitative terms, granting permissions for inter-country adoption is one of the most significant tasks of the Board. In 2008 it processed 553 permission applications. Twenty applications for permission were withdrawn. Five actual applications were rejected during the year of operation.

The permission applications are forwarded to the Adoption Board through adoption service providers. In 250 applications the service provider was Save the Children Finland / Pelastakaa Lapset, in 218 applications Interpedia and in 85 applications the City of Helsinki Social Welfare Board. During the year, 9 notifications of change of service provider were made to the Board.

The Board made its decision on 59 applications within one month from their receipt. The processing of 79 applications took more than one month but less than two months. The processing of 46 applications and the decision-making concerning them took more than two months but less than three months and 369 applications more than three months. The processing was prolonged, inter alia, by the requested further reports. In 2008, 77 supplemental reports regarding the applications were requested.

During the past year the Board received reports of altogether 157 arrivals of adoptive children in Finland. A total of 36 children arrived in Finland from South Africa. 34 children were adopted from Russia. After South Africa and Russia next most children came from Thailand (24) and China (18). More detailed statistical data on the children arriving in Finland and on the permission applications are attached (Appendix 1).

The Adoption Board gave six expert opinions to the Helsinki Court of Appeal for the recognition of adoption that had taken place in a foreign state.

During the year 2008, the Board dealt with and accepted three Finnish service providers' applications for co-operation with foreign service providers. Two of the applications concerned licence to continue the already existing co-operation, and one of the applications concerned the establishment of a new contact. The new contact is Interpedia's co-operation contact, the Little Angels Network operating in Kenya. The Board granted Interpedia the permission to co-operate with the Little Angels Network in April 2008. A list of the foreign co-operation partners of the Finnish service providers is enclosed (Appendix 2).

On 31 January 2008, an internal training event was organised for adoption workers in the Tiukula community centre. The Board was represented in the event by the Chair Outi-Luomaaho, the Secretary Jonna Salmela, Chief of Adoption Service Tuula Kumpumäki, and Executive Director Anja Ojuva.

An experts panel and round table titled “Adoption in Europe: at what cost?” was organised by the organisation Terre des Hommes in Brussels on 28 February 2008. The Board was represented in the event by Chief of Adoption Service Tuula Kumpumäki. The themes of the seminar included a comparative research on inter-country adoption practices and its report *Adoption: at what cost? For an ethical responsibility of receiving countries in intercountry adoption*.

The Family Care Project for Rainbow Families organised a training event focusing on adoption and substitute care in Biomedicum on 7–8 April 2008. The Board was represented in the event by the Chair Outi-Luoma-aho, the Secretary Jonna Salmela, Chief of Adoption Service Tuula Kumpumäki, and Social Welfare Worker Aulikki Haimi-Kaikkonen. In the training event, a member of the Board, Legislative Counsellor Tuomo Antila held a presentation on the right of registered partners to step-parent adoption.

In 2008 it was Norway’s turn to arrange the meeting of Nordic adoption authorities. The meeting took place in Oslo on 22–23 May 2008. The meeting was attended by delegations from all the Nordic Countries. The topics of the meeting included the concept of habitual residence in the Hague Convention and how different countries interpret it. The meeting was attended by the Chair Outi Luoma-aho and the Secretary Jonna Salmela.

On 7 August 2008 the Board received a visit from Mr Gandhinathan, a representative of Interpedia’s Indian co-operation partner the FFC (Families for Children). The Finnish participants in the meeting included the Chair Outi Luoma-aho and the Secretary Jonna Salmela representing the Adoption Board and Ms Eija Kiiskinen, Adoption Officer, and Ms Wilma Pomell, Adoption Secretary, representing Interpedia.

On 26 August 2008 the Board received visitors from South Africa; the Child Welfare Society in Johannesburg, which is the co-operation partner of the City of Helsinki, was represented by Pam Wilson, Roshen Khota and Mrs Raath, and the Interpedia’s co-operation partner Abba Adoption was represented by Social Worker Lelanie Brits. The visitors included also Judge Henda Raath from the Commissioner of Child Welfare.

The Board Chair Outi Luoma-aho and the Board Secretary Jonna Salmela attended the annual working meeting of European central authorities in Brno, Czech Republic, on 25–26 September 2008. The topics of the meeting included problems relating to co-operation with certain countries (such as Russia), the adoption possibilities of same-sex couples, and the United States accession to the Hague Convention.

The Secretary and the Chair of the Board participated in meetings of the adoption network during the year.

Decree

on the Finnish Board of Inter-Country Adoption Affairs

(509/1997)

Issued in Helsinki on 30 May 1997

On the submission of the Minister of Justice, the following is enacted on the basis of section 20(3) of the Adoption Act (153/1985) issued on 8 February 1985, as amended by the Act (175/1996) of 22 March 1996:

Section 1

The task of the Finnish Board of Inter-Country Adoption Affairs (*the Finnish Adoption Board*) is to:

1) collect and maintain data on the legislation of foreign states concerning adoption and international adoption services and provide information about this on request to authorities and service providers;

2) follow the international development in inter-country adoption matters;

3) follow the implementation of the Convention of 29 May 1993 on Protection of Children and Co-operation in respect of Inter-country Adoption (*the Hague Convention*) in Finland and, if necessary, take measures for the implementation of it;

4) co-operate with the central authorities or the bodies taking care of the duties of a central authority in the states that are parties to the Hague Convention to achieve the objects of the Convention and to exchange the information referred to in the Convention;

5) approve for a fixed period those foreign service providers, referred to in section 21(3)

of the Adoption Act (153/1985), with which Finnish service providers may co-operate, and revoke earlier approvals;

6) grant the permissions for adoption referred to in section 25 of the Adoption Act;

7) provide the evidence referred to in section 44 of the Adoption Act and statements referred to in sections 45, 46, 47a(2) and 50(2), as well as the statements referred to in section 7(2) of the Adoption Decree (508/1997);

8) take care of those tasks of a central authority, referred to in the Hague Convention, which have not been delegated to any other body by Act, Decree or Decision of the Ministry of Social Affairs and Health; and

9) submit initiatives and proposals to the Ministry of Social Affairs and Health for the development of the inter-country adoption activity.

Section 2

If the Finnish Adoption Board has granted permission for adoption on the basis of sec-

tion 27(1) of the Adoption Act, the permission shall state that

- 1) the adopter has been deemed an appropriate and suitable adoptive parent; and
- 2) the adopter has received inter-country adoption service and adoption counselling.

If the Finnish Adoption Board has granted permission for adoption on the basis of section 27(2) of the Adoption Act, the permission shall state that

- 1) the foreign body has deemed the adopter an appropriate and suitable adoptive parent;
- 2) the adopter has received necessary counselling in his home state; and
- 3) according to the certificate presented by the adopter the child has the right or will get the right of entry and habitual residence in that state.

The permission referred to in subsections 1 and 2 above shall also state the period of validity of the permission as well as the possible conditions or restrictions on the adoption referred to in section 27(3) of the Adoption Act.

The permission referred to in subsections 1 and 2 above may, on the request of the adopter, be given in English.

Section 3

A permission granted on the basis of section 27 of the Adoption Act shall be sent directly to the service-provider from which the adopter has received the inter-country adoption service.

Section 4

The Board has a chairman, a vice-chairman and a necessary number of other members. Each member has personal deputy member.

Both the chairman and the vice-chairman shall represent the Ministry of Social Affairs and Health. At least one of the other members shall represent the Ministry of Foreign Affairs, one the Ministry of Justice and one the Directorate of Immigration. One member shall be an expert on municipal child welfare work and one an expert on social sector research and development. In addition, one

representative will be elected from each service provider which has been licensed to provide inter-country adoption service by the Ministry of Health and Welfare. What is provided above concerning members also apply to deputy members.

The majority of the members of the Board shall represent public authorities.

Section 5

The Council of State appoints the chairmen, the members and the deputy members for a five-year period at most. The Ministry of Social Affairs and Health appoints the secretary to the Board.

The chairman or vice-chairman of the Board and at least half of the other members constitute a quorum.

However, in matters relating to granting of a permission referred to in section 1(6), the Finnish Adoption Board also constitutes a quorum in the presence of the chairman or the vice-chairman and the expert on municipal child welfare work and the member representing the expertise on social sector research and development.

Section 6

Otherwise the regulations on state committees are applied to the Board.

Where necessary, the Ministry of Social Affairs and Health issues more detailed instructions to the Board.

Section 7

This Decree enters into force on July 1 1997.

This Decree repeals the earlier Decree (155/1985) on the Finnish Board of Inter-Country Adoption Affairs, issued on 8 February 1985 and later amendments.

When this Decree enters into force the appointed Board will continue its work until the end of its term. A member representing the Directorate of Immigration referred to in section 4 must, however, be appointed.

Measures for the implementation of this Decree may be undertaken before the Decree enters into force.
